4/7/22	26F	Ron Schmutzler	Other	Building/Courtyard	Irrigation	Additional sprinkler heads are needed directly behind my building.	In progress with LMP	4/11/22	
8/17	27F	Bill Shuttleworth	Other	Building/Courtyard	Privacy garden	We currently have no drain holes in our Privacy Garden. Our request is to have three drain holes drilled in the walls of our Privacy Garden. Currently, I have removed two bricks by the entry door to allow water to drain out. However, when that small drain fills with leaves, the Privacy Garden becomes a swimming pool. When the walkway to Privacy Garden is reset, it cannot block water leaving the Garden. Thus, the thought of just filling in with shell will not work. The grade needs to be lowered and the Dead palm by pond behind 14AC it's to the left of the landscape light. 3/31 - 7/5/22	29G	Judy Hundley	Grounds/Landscape	Common Grounds	Trimming	This is another work order to replace the one I sent on 3.31.22 that says complete which is NOT. Please remove that. The (2) Palms that are located between Building 29G-H in the corner back area of the building is hitting the screen and totally covering the gutters causing the rainfall to overflow at the gutter point and blocking from flowing to the downspout.	The initial work order was emailed to LMP from APM on April 4th, the second one sent on 5/10, the third 6/6 while LMP had been advising that they'll take care of trimming. After the third request to LMP, the maintenance staff attempted, however, it is too tall for them to handle. After 6/6, it took over a month for LMP to notify the management that this work order will be included in their annual palm trimming schedule. Management will discuss annual palm trimming schedule with BrightView on 8/18/22.	4/4/2022
